

Magner 35-3

Currency Counter

Premium is defined by performance, not defined by size. The compact Model 35-3 represents the third generation in a family of outstanding price/performers, which also boasts the #1 selling table-top currency counter in the world. Along with its appealing appearance, the 35-3 offers robust functionality with automatic start, full error detection, adjustable speed, variable currency batching, and accumulation mode. At speeds up to 1500 notes per minute, basic currency counting application can be performed with greater efficiency and optimum productivity.

One word best describes the Model 35-3...**overachiever**. It is a compact premium Currency Counter designed for outstanding performance in basic currency processing application. Designed for the beginning for superior reliability and dependability, the Model 35-3 is engineered to deliver MAGNER® quality performance for the long haul.

MAGNER Model 35-3 features include:
