Shear Tech SC-4000

Document Stripping & Encoding System

Strip & Encode on the FLY!

The SC-4000 is a table-top, one pass automatic check stripping/encoding system designed for "Return Item" and "Reject Reentry" applications. The stripping and the MICR encoding operations can also be performed separately.

FEATURES

- Strip and MICR encode your reject/return items in one fast station
- Very small footprint system will fit in any office environment
- Advanced microprocessor based system
- Designed to meet your needs at an affordable price
- Full size keyboard and large easy to read 2 line display
- Encode any number of fields in one pass
- Journal printer provides a printed record of all activities
- Sensors to detect dog-ear, end of ribbon, transport and encode failures
- Adjustable strip -- leading and trailing edges
- Optional alphanumeric programmable endorser

Power:

Voltage:115v/220v

Dimension:

8"H x 38"W x 25"D

Weight:

65 lbs.

Standard Hardware:

- Auto Strip
- Encoder
- Keyboard
- Check Stacker
- Check Holder
